

**NEW!**

# INTRODUCING THE 3RD EDITION OF THE ENGINEERS BLACK BOOK

This new edition still has all the content and features of the previous addition with the following new features and content -

- Includes a set of 28x Self Adhesive Index Tabs to help you bookmark your frequently used pages. You can now find the information you need even FASTER!
- 60 pages of new content, that is 35% greater than previous - 234 Pages in total.
- The outside covers are made from a new rubberized material for better handling & grip.

- All the Tool Holder Identification Sections now include a full INCH section, along with a METRIC section.
- Updated and improved index searching.

## EXTRA CONTENT INCLUDES:

Reamer and drill bit types, taper pins, t-slot sizing, counterboring/sinking, extended angles conversions for cutting tapers, keyways and keyseats, woodruff keys, retaining rings, o-rings, flange sizing, common workshop metals, adhesives, GD&T and graph and design paper included in the back of the book.

## BLACK BOOK HAS ANNOUNCED THE UNVEILING OF THEIR NEW MOBILE APP – WORKSHOP GEOMETRY

Workshop Geometry is a full functioning geometry calculator simply designed for the Machinists, Workshop, Designer's and Manufacturing Personal.

## FEATURES

- On screen keypad.
- All triangles formulate in degree's, minutes and seconds, besides degree's.
- Calculates for area on all figures.
- Decimal place selector.
